ZEUS

THE BEST PRACTICES TO ACHIEVE THE LOWEST RETENTION

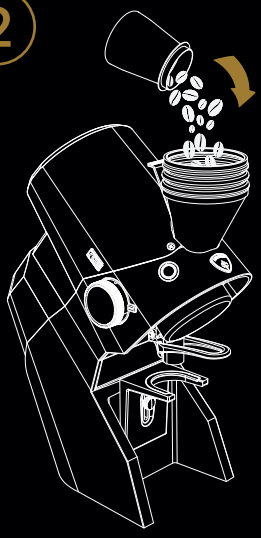

Single Dose Configuration
(bean hopper 200 gr + blow up)

1

Weigh the coffee beans.

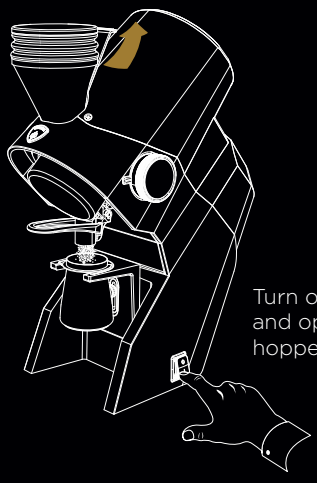

2

Add the coffe beans to the hopper and place the dosing cup on the fork.

3

Turn on the grinder, and open the bean hopper tab.

4

With the **motor on**, use the Blow Up **x 5** times.

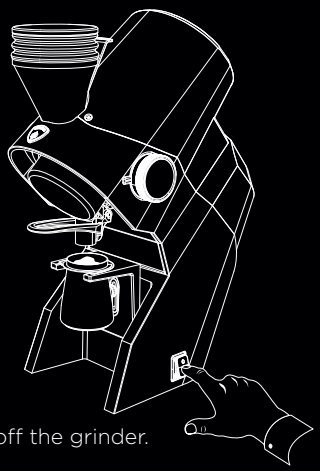

5

Then, use the beater **x 3** times.

6

Turn off the grinder.
