

ZEUS

The State of Art
in Coffee Grinding

Unlock the power of Zeus, where innovation meets perfection, in every grind.

Zeus is a **single-dose grinder** designed for high-volume specialty coffee shops. It is equipped with **All-Purpose Burrs**, making it suitable for any type of extraction. Zeus offers **advanced grinding performance** through a combination of an anti-retention system and full motor speed control, helping to achieve consistent coffee extraction.

Thanks to its unique solution, Zeus offers an **external grinding chamber** that prevents coffee waste and is built for **zero retention**. With its **patented and distinctive design**, Zeus stands out as one of the **most unique grinders on the market**.

ZEUS

ICE Motion TECH

with AC variable speed motor developed by Eureka to experience the ultimate grinding control, through RPM adjustment (750-1400 RPM), delivering:

- Heat-free operation
- Limitless endurance
- Super silent performance
- Everlasting lifespan

Motor Safety System

thanks to this system, the motor automatically stops when there is no coffee inside.

Silent Technology

thanks to Eureka's exclusive anti-vibration solution

All-Purpose Grinder

85 mm Pure Diamond flat burrs, with a specific Espresso & Brew design

High-speed Grinding Capacity

for Espresso from 1.5-5 g/s, for Filter from 2.5-10 g/s according to the chosen RPM.

New Anti-Retention System

Thanks to the innovative external sloped grinding chamber, combined with the Blow Up system, vertical outlet chute, and metallic cleaning beater, which release any remaining coffee particles.

Stepless Micrometric Regulation System (patented)

with Easy Setting, with a possibility of doing all the grinding modes in a single turn.

Super-Fast Maintenance

Easily removable grinding chamber with a simple turn, allowing quick access to the burrs without compromising burr parallelism.

Unique design (patented)

Proudly showcases the state-of-the-art in grinding and distinguishes your coffee shop.

Technical details

Burrs	Type	Flat
	Diameter	85 mm
	Material	Pure Diamond (patented)
	Durability	1600 Kg
	Coffee Preparation	All Purpose
Engine	RPM	Brushless AC Motor with variable speed **(from 750 to 1400)**
	Power	400 watt
	Available Version	Manual
Performance	Grinding Capacity	1.5-5 g/s Espresso; 2.5-10 g/s Filtro
	Retention	0.12-0.13 (based on the RPM)
Technological Plus	ICE Motion TECH	Yes
	New Anti-Retention System	Yes
	Stepless Micrometric Regulation System **(patented)**	Yes
	Super-fast Maintenance	Yes
	Universal fork	Yes
Dimensions	Height | Width | Depth	525 x 225 x 400 mm
	Weight	17 Kg
	Bean Hopper Capacity	200 gr
	Dosing Cup	80 gr
